

Work Package 3

Reporting and Learning Systems

EUNetPaS is a project funded by a grant from the PHEU. The project is implemented by the participating organisations. The PHEU is not responsible for any content that may be included in this document. The views of individual contributors do not necessarily reflect those of the project.

WP 3: Objectives

- To analyze and share information on reporting and learning systems
- To propose a rapid alert mechanism

Data collection

- National Contact Point
- National and Regional R&L Systems

Data collection National Contact Points

64 Regional or National Reporting and Learning Systems

2 Member State	> 15 systems
2 Member States	= 7 systems
1 Member State	= 6 systems
3 Member States	= 3 systems
2 Member States	= 2 systems
1 Member State	= 1 system
17 Member States	= 0 system

Data collection National Contact Points

~~64~~ **36 Regional or National Reporting and Learning Systems**

2 Member State	> 15 systems
2 Member States	= 7 systems
1 Member State	= 6 systems
3 Member States	= 3 systems
2 Member States	= 2 systems
1 Member State	= 1 system
17 Member States	= 0 system

Areas of interest

- Structure of reporting systems
- Products of reporting systems

Structure The results

- **a web-based library on best practice**
 - legal framework
 - organisational structure
 - culture
 - data structure
- **a sub-network of reporting systems**
 - ownership to best practise library
- **a pan European experts group**
 - consultants to MS

Areas of interest

- Structure of reporting systems
- Products of reporting systems

Products The Results

- **Rapid Alert Mechanism**
 - sharing high-priority patient safety issues
- **EU patient safety solution bank**
 - build upon existing data from regional and national R&L Systems
 - integrating data from the web-based library on best practice

Deliverables

- **a web-based library on R&L Systems in Europe**
 - organisational and Data structure
- **Rapid Alert Mechanism**
 - sharing high-priority patient safety issues
- **EU patient safety solution bank**
 - build upon existing data

Time frame

Timeline milestones:

- apr 09: National programs identified
- maj 09: Questionnaire R&L Systems
- sep 09: Database structure
- nov 09: Relate core information
- dec 09: Web-based library
- mar 10: Data validation
- maj 10: RAM in place
- juil 10: (End of timeline)
